Tally
DASCOM

The Tally Dascom 1145, is a 24 pin, 80 column serial dot matrix printer with USB interfaces as standard. Compact in size, the 1145 is perfect for industrial environments and front and back office applications where space is limited.

With low running costs, high quality output and an easy to use control panel it's ideal for small business, low volume listings and reports, as well as dispatch notes and labels.

Highlights at a glance:

- Compact 24-pin narrow carriage printer
- Up to 450 characters per second
- Ideal for front and back office applications
- Variety of interfaces
- Long life ribbon
- Small footprint

In addition to these applications, the 1145 is also well suited to measurement and control systems. Amongst the lowest priced matrix printers available today the 1145 also offers a long life ribbon giving this printer very low running costs.

For draft printing it's considerably less expensive running costs make it a viable alternative to low cost inkjet printers.

Configurations:

- **1145** Standard Product with USB interface
- **1145 Par** With USB and parallel interface
- **1145 Ser** With USB and serial interface
